

Highland Dance Competitions

To allow our dancers to compete we must do things differently, for now.

Here is all the important information you need to know about competitions:

- All participants (dancers, teachers, judges, volunteers, and parents/guardians) 12 years and over need to show provincially recognized proof of vaccine (2 doses), or proof of negative Covid test performed by a provincially recognized 3rd party within 72 hours prior.
- On day of the competition, entry into the competition will be allowed only after QR code or contact tracing sheet has been signed and declaration of good health has been provided.
- All participants (dancers, teachers, judges, volunteers, and parents/guardians) **MUST** wear a mask, as per our rental agreement.
- Dancers will need to wear a mask while on stage dancing.
- Participants under the age of 18 can have **ONE adult** accompany them to the competitions. Please note, currently only 1 adult per family.
- Every adult accompanying a dancer/s will be assigned a volunteer role.
- The dancing events and awards will be shared with family, friends, and supporters of Highland Dance through livestreaming of our event.
- Dancers will need to arrive at the event in full costume, including hair & make-up. Dancers will leave the venue in costume also.
- At this time, dancers cannot bring personal dance mats to the venue.
- Dancers must bring a labeled water bottle.
- There will not be any items for sale, this includes food, costumes, raffles, etc.
- Printed programs will not be available. All class information will be available the day of the competition via the ScotDance app.
- Dancers and their parent/guardian will need to leave the venue immediately following the conclusion of the results.
- Washrooms are limited to using the facilities only.
